Day 1 | JOHANNESBURG (Sunday, August 3, 2025)

Welcome to South Africa! As known as "Rainbow Nation" this amazing country welcomes you right from the heart! Make sure your camera roll has enough space as every corner of the cities you re about to see will truly amaze you with its, culture, and nature. South Africa, in 1652, the Netherlands established the southern city of Cape Town, and Dutch farmers, called Boers, began settling in the areas around the city. In 1806, wars in Europe left the British in control of the Cape Town colony. In 1910, the British united four colonies in the region and created South Africa. Traces of South African culture is located everywhere you go, and realize you can see them with your own eyes finally. South Africa dream starts now!

This week you will be taken care of by our professional tour leaders who will guide you through safaris, traditions, and cuisine of this fabulous African culture.

After meeting with your tour leader, you will have free time to explore the city sight. Overnight at our hotel.

Day 2 | JOHANNESBURG (Monday, August 4, 2025)

After breakfast at our hotel, we will depart for panoramic city tour. During the tour, we will see Nelson Mandelas House, visit downtown Houghton, Rosebank and Sandton. Then transfer to our hotel by our private bus. After settling in our hotel, you can visit and shop at Sandton City Nelson Mandela Square.

After the city tour you will have free time to explore the city sight, or you can join alternatively to the Gold Reef City tour. The tour begins with a narration of Johannesburgs gold history and continues with home visits of former miners. After seeing these houses, which were used from the 1800s to the mid-1900s, the 226-meter mine is descended and how the gold is extracted is explained. From here, it is passed to the hall where the gold is cast. While it was the richest mine in the world between 1926-1977, it was closed when it lost its profitability and became an excursion and amusement park in 1986. We go down 226 meters below the ground and tour the gold mine and see how the gold is melted and poured in the furnace above. In addition, we can experience a colorful and historical gold mine revival with its cafes, square and shops. The mine, where a total of 1.4 million tons of gold has been extracted to date, was closed because it was costly to go under 4000 meters, although there is much deeper gold. While there were 3 farmhouses in pre-gold Johannesburg, this city has now become South Africa s largest cosmopolitan and wealthy city.

If you wish, you can have fun at the Gold City theme park after the tour. Transfer to the hotel in the end of the tour. Overnight at our hotel.
